

## Rap News 2 - Obama wins Nobel War is Peace Prize

*Lyrics by Hugo Farrant & Giordano Nanni*

Good afternoon world, thanks for tuning in  
I`m Robert Foster for Juice Media back with a Rap News Bulletin  
To remind viewers who might`ve crossed over  
NASA`s LCROSS satellite collided with the moon on  
The ninth of October

General Baxter, what`s the reaction there at Nasa?  
Bob, there was no cloud but we got what we`re after  
Was it worth it? Worth it? Hell of course it was worth it  
We`ve shown the earth that our weapons can reach anywhere, even the moon`s surface

Terrence Moonseed, what do you believe?  
We did it, Bob, did you believe we`d stand by and let the moon just bleed?  
lunar league, the truest creed contacted the moon breed  
we hacked live signal while they used a super beam that`s why no plume was seen

Did you view the feed? No moon debris and no plume!  
the hollow moon swallowed LCROSS like some whole food  
You little punk, Blackwater will be kicking in the door of your home soon  
We own you, we tapped your internet and your phone too

The moon pwned you! let me tell you some home truths  
In Gitmo you`ll be whimpering like some women singing show tunes  
Ok, we have other news to go to, if you will cease your jibes  
News just arrived: the results of the Nobel Peace Prize

We now cross all the way to Norway, on Sat Cam  
to the Chair of the Nobel committee, Thorbjorn Jagland  
Mr Jagland, Yes, Robert, among all the worthy contenders  
Who`s the person on this earth the committee would prefer us to remember?

Well, Robert, This year, It is pleasing me to advise  
After many sleepless nights The committee has seen the light  
For his ceaseless fight to bring peace to those  
middle east guys

Barack Obama is completely right to receive the peace prize

Robert, You seem surprised... Surprised, no  
So The president gets the prize, that`s right, why though?  
Didn`t you see his speech in Cairo?  
He promised peace in the middle east and his words provide hope

Plus, his tie and coat, he`s super fly yo,  
He likes Jay-Z, brushed dirt off shoulder and has a live fro  
But what on earth has he done to promote peace  
He talked about it once or twice in a dope speech

He made peace with Hillary Clinton after the primaries  
And got that Black professor to meet the cop after they clashed so violently  
He tells his daughters to chill when they ask for more  
But he bails out the banks to avoid martial law

Peace Prizes? It`s not in the least surprising  
This is the pagan Norwegians worshipping the Beast Rising  
Obama is a bomber, the thunder god of Doom  
And Thor gives him the peace prize on the day he bombs the moon

You want the truth we took a sample of his hair though  
It turns out he`s a clone of an Egyptian Pharaoh  
Amen Ra, the antichrist, psycho, a tyrant clone  
A lying phony, a hypnotist In the messiah zone

General? Peace prize? Those Norway fags should apologise  
We didn`t breed this commander in chief to be a peaceful guy  
And for the mid east we got our own ways  
Give Obama the peace prize when he`s bombed `em back to the stone age

It does seem so strange, Thorbjorn for you to just step in  
And award a peace price when Obama ordered more nuclear weapons  
what about awarding it to Morgan changirai in Zimbabwe?  
Isn`t this akin to the years the committee ignored Ghandi?

Isn`t it ironic to award Obama for peace during a war push?

We gave Obama the prize for not being George Bush  
OK, I have on the line from somewhere in Pakistan  
An anonymous caller representing the Taliban

Hello? Hello, Rap News, infidel scum bastards  
soon you will all burn in Hell Inshallah  
and the Obama win Nobel prize for peace? They are kidding us  
It should be prize for escalate war and kill civilians

He`s massacred innocent people, He`s essentially Jew  
We gave him the prize for what he could potentially do  
The days of waiting for his potential are though  
He hasn`t killed enough poor people, or destroyed enemy food

He wants a coup, his vaccine is a poison to prolong the flu  
He used unmanned drones, left territory bombed too  
He`s got a lot more to do, take the long view  
Inshallah he will die and his dog too

He Shouldn`t have won the prize, this will not do  
He shouldn`t have won the prize this will not do  
He shouldn`t have won the prize, this will not do  
This is our prize we`ll give it to whoever we want to!

OK, that`s about all we have time for  
But I`d like to leave you with these final thoughts  
Obama`s prize has been labelled as a slap in the face  
Of the previous administration for their tactics of hate

But what`s actually changed since the election race?  
Isn`t it substantively the same except for the face?  
Don`t mercenary armies still carry out renditions?  
aren`t wall street banks still given bailouts of trillions?

Any serious examination leads to the raw truth  
This isn`t a prize for Obama, it`s a prize for George Bush  
Nobel`s message seems to be War is Peace and it`s all well  
When all is war, and didn`t we read that in Orwell?

Well, From the depths of doublethink and newspeak

This is Robert Foster, for Juice Media

Have a double-plus good week.
